NOTES

Keep ball bands for washing and pressing instructions.

CAUTION. It is essential to work to the stated tension, and we cannot accept responsibility for the finished product if any yarn other than the recommended yarn is used.

Buy the full amount of yarn at one time to avoid variations in dyelots.

Sizes

The figures in square brackets [ ] refer to the larger sizes.

These items have been specially designed for the size range given and it is regretted that no adaptations are available.

Check your tension by casting on and working the number of stitches and rows given for your selected pattern, using same yarn and size of needles recommended. Cast off and lightly press. The measurements should be as detailed in the tension paragraph of your pattern. If the square is bigger, your work is too loose; try a size finer needle. If it is smaller, your work is too tight; try a size larger needle. If you alter the needles to obtain the correct tension in stocking stitch, corresponding alterations must be made to the needles throughout.

When making up a chunky garment it is easier to use an oddment of finer yarn in a toning shade for the sewing.

If you prefer to make up with the original yarn, use 30 in lengths and a large needle, making sure yarn keeps its original twist by turning needle clockwise between fingers and thumb after every few stitches.

Fold Scarf in half and using a back-stitch seam, join hood seam.

Using 3 strands of yarn 8 in long, fold yarn in half, draw loop through a st on end of Scarf, draw ends through loop and tighten. Rep in alternate sts on both ends of Scarf to form a fringe.

Trim fringes.
